

Lean On Me

Cheat Codes

I don't even know what day it is, I don't even know the time
But these seconds are irrelevant when you're by my side
There's something 'bout your body, babe, I could sip it on ice
But I can never get enough of you, I'll be wasted for life

Ooh yeah, everyone, they've gone through it
Wondering what are we doing, doing

Baby, when you're falling
You can lean on me
When you don't feel strong, yeah
When you don't believe
Baby, let me love you
I won't ever leave
Promise when you're falling
You can lean on me
You can lean on me

Stay, stay, stay forever
You can lean on me
If you stay, stay, stay forever
You can lean on me

I don't even got a lot to give you, so will it be enough?
Will you love me through the hell of it, when the battle's rough?
Been waiting on the moment, yeah, like, "When's it gonna come?"
'Cause in the middle of the everything, you're the only one
Yeah, ayy, ayy-ayy

Ooh yeah, everyone, they've gone through it
Wondering what are we doing, doing
