I know you been watchin' me from the corner of my eye  
I can already tell that you got that vibe  
Only game, I see your flame with you  
Baby  
So much of you are what you discover  
I wanna be lovin', just your lover  
No, I can't just let you walk away  
Will you stay awhile?  
Nobody needs to know  
Let's keep it on the low  
So unforgettable  
Baby, you're not alone, let's go
