

# Never Love You Again

Cheat Codes

Baby  
You cast a spell on me  
And it's crazy  
My heart won't let me leave  
Even though I know our house on fire  
Burning  
Even though I know you're broke as I  
Am hurting  
And every time I blow a kiss goodbye  
I'm learning  
It's only until I see you calling

Oh no no oh no no oh no  
I swore I...  
I'd never love you again  
Na no oh no no no no no  
I swore I...  
I'd never love you again  
I said I wouldn't do it to myself  
But you touch me like no one else  
Then  
Oh no no...  
I swore  
I'd never love you again

Sorry  
But I blame the chemicals (just you and me)  
Just two bodies  
Messed up and beautiful
