

## Senses

### Cheat Codes

Breathe you in  
I can almost taste it  
Skin on skin  
If you only knew the dreams that I've been having  
Drink you in  
And I'm almost faded  
You smell like gin  
If you give it to me straight  
Girl, I'm chasing

Last night I dreamt of us  
And you look so (ah) with your hair let down  
When I picked you up  
Just a little bit dangerous

I don't know if you could tell  
But my senses are overwhelmed  
By you, you, you  
By you  
Don't know if you could tell  
But my senses are overwhelmed  
By you, you, you  
By you

Take you in  
And we're almost naked  
You look like the new Marilyn  
Oh, I give it to you straight  
Girl, just take it

Last night I dreamt of us  
And you look so (ah) with your hair let down  
When I picked you up  
Just a little bit dangerous

I don't know if you could tell  
But my senses are overwhelmed  
By you, you, you  
By you  
Don't know if you could tell  
But my senses are overwhelmed  
By you, you, you  
By you
