We'll Break Up

Cheat Codes

You know I wanna be always honest with you
And I could promise to forever be together with you
Girl, I could say it, but it wouldn't make it the truth
Mm, yeah
Every story has a part where it ends
So before we get too far, you should know the day when
You and I call it quits
That's the day that the world won't spin

Baby, we'll break up when neon stops buzzin'
Vacuums don't suck, eggs don't come in a dozen
And Cupid isn't shootin' arrows, makin' people fall in love
Like us
Yeah, baby, we'll break up when LA is out of traffic
When white T-shirts and blue jeans ain't classic
Don't even bother askin' 'cause it's never gonna happen to us
But if it does

Yeah, baby, we'll break up
Yeah, baby, we'll break
We'll break
We'll break
Yeah, baby, we'll break up
Yeah, baby, we'll break
We'll break
We'll break up

I can't imagine a single day without you
And when I think about it, I just end up feelin' dark blue
I know it's scary, but it's imaginary
'Cause I ain't goin' nowhere, girl, this love ain't temporary

Yeah, we'll break up when neon stops buzzin'
Vacuums don't suck, eggs don't come in a dozen
And Cupid isn't shootin' arrows, makin' people fall in love
Like us
Yeah, baby, we'll break up when there's no death or taxes
When white T-shirts and blue jeans ain't classic
Don't even bother askin' 'cause it's never gonna happen to us
But if it does

Yeah, baby, we'll break up
