I'm just riding, I'm just riding, I'm just riding around  
I'm just riding, I'm just riding, I'm just riding around  
I'm riding around with my shawty, girl we 'bout to turn up  
I'm riding around with my shawty  
Riding around with my shawty, riding around with my shawty  
Riding around with my shawty, riding around with my shawty

We just riding, we just riding, we just riding around  
Smoking up a whole zip, we just fucking around  
And she called into work, tryna stick around  
She said her ex-boyfriend ain't never put it down  
Running through the house naked in a cap and gown  
Strawberries everywhere, bitch it's going down  
She like to hang out the roof when the sun down  
She love it when I call her my little bush down

I'm just riding, I'm just riding, I'm just riding around  
I'm just riding, I'm just riding, I'm just riding around  
I'm riding around with my shawty, girl we 'bout to turn up  
I'm riding around with my shawty  
Riding around with my shawty, riding around with my shawty  
Riding around with my shawty, riding around with my shawty  
I'm just riding, I'm just riding, I'm just riding around  
I'm just riding, I'm just riding, I'm just riding around  
Riding around with my shawty, riding around with my shawty  
Riding around with my shawty, riding around with my shawty

Tell your mama you ain't coming back, we's riding around  
Tell them bitches back back, you catching plays now

And you ain't got to worry bout me every tryna beat you

I'm just riding, I'm just riding, I'm just riding around
