

I follow you  
Into the light  
'Cause you have the power  
I never thought I'd be  
A hopeless romantic

I was passing through  
The darkest of nights  
Before the morning hour  
Maybe this could be  
The first good thing in a long time

Is it strange for me to say  
'Cause I never said it before  
But I'ma say it anyway  
I was never meant to be a rolling stone

Been a castaway  
I need someone like you in my life  
Can't do it alone oh I tried oh I tried oh I tried it  
Been a castaway  
I need someone like you in my life  
Can't do it alone oh I tried oh I tried oh I tried it

Let me give you my heart  
I want you to see  
See what it's made of I feel  
We're in the dark like a story untold  
But I'm hoping that time will

Tell me what you want what you thinking about  
Sing me a song baby sing it out loud  
I've been missing your love I've been traveling long  
This is my home this is where I belong

Been a castaway  
I need someone like you in my life  
Can't do it alone oh I tried oh I tried oh I tried it  
Been a castaway  
I need someone like you in my life  
Can't do it alone oh I tried oh I tried oh I tried it

Is it strange for me to say  
'Cause I never said it before  
But I'ma say it anyway  
I was never meant to be a rolling stone

Been a castaway  
I need someone like you in my life  
Can't do it alone oh I tried oh I tried oh I tried it  
Been a castaway  
I need someone like you in my life  
Can't do it alone oh I tried oh I tried oh I tried it

Been a castaway  
I need someone like you in my life  
Can't do it alone oh I tried oh I tried oh I tried it

Been a castaway  
I need someone like you in my life  
Can't do it alone oh I tried oh I tried oh I tried it
