

Fly Like Me

Chef'Special

I got speed like I'm Senna
I'm classy like Vienna
Like Mozart, like Brahms, I'm a classic dilemma
I'm on fire like Messi at Inter Miami
I'm crazy, like Einstein, you don't understand me
I'm plastic like Barbie
I'm feminist like Cardi
I'm destined to party
I'm like Paris, I'm naughty
I'm a queen like Serena
I'm a king, I'm a dreamer
I'm me like nobody else

Nobody walk like me
Nobody talk like me
Nobody love like me
Nobody take my dream
Nobody ever saw just what these eyes have seen
But if I jump like this, nobody fly like me

Here we go
Nobody fly like me
Here we go
No, no, no, no, no, nobody fly like me

Somebody once told me
"Sit down and walk this way"
I've been myself before
I'm still myself today
I got no time for revisions
I don't do "quiet and listen"
I'm no patient of patience
Never break down, I'm racing
Yeah, is this what they mean when they say it's never too late?
It's never too late to change
So let me just go on my way, go on my way
And I'll be okay

Nobody walk like me
Nobody talk like me
Nobody love like me
Nobody take my dream
Nobody ever saw just what these eyes have seen
But if I jump like this, nobody fly like me

Here we go
Nobody fly like me
Here we go (Here we go)
No, no, no, no, no, nobody fly like me
Here we go
Nobody fly like me
Here we go
No, no, no, no, no, nobody fly like me

La vita è bella, I want peace like Mandela
Miss Poppins, Rihanna under the same umbrella
I'm the only successor, I'm roman

I'm Kendall, I'm scandal
I'm fashion like Naomi Campbell
It's me, come see, it's all me
I'm unapologetically buzzing like Aldrin
I'm Jordan, I'm balling, I jump

Nobody fly like me
Here we go
Nobody fly like me (Come on)
No, no, no, no, no, nobody fly like me
Here we go (Come on)
Oh, no, no, oh, no, no
Oh, no, no, nobody fly like me
Oh-oh, oh-oh, oh-oh
Nobody fly like me
Here we go
