

# I'm A Wave

Chef'Special

Another one of these pills another one and I'll heal  
I don't wanna take these pills but can I take what I feel  
Why be ashamed for the real though why put away what I feel yo  
Bury my face in a pillow I'm waiting for someone to dig me a grave I'm a failure

That's devil talk  
You got dreams you got heart  
You got peace you got love  
You got light to give so strong  
You got life to live go home  
We won't write away these wrongs  
Right away  
But we can take it when we stay wide awake

Walk with me in the middle of the street  
Forever let your spirit fly  
I'm a wave I'm a wave I'm a wave  
I'm a wave I'm a wave I'm a wave  
So walk with me in the middle of the street  
Forever let your spirit fly  
I'm a wave I'm a wave I'm a wave  
I'm a wave I'm a wave I'm a wave

All these A's and no knowledge  
All this praise and no promise  
Yeah the grind can be lawless  
But I'll be fine if I'm honest to my heart  
Takes a beating every season when the sky be getting dark  
It's still beating I can feel it I'm a free man till it stops

Like daddy said looked back didn't have regrets  
No death is a happy death but I still get lost in the aftermath  
Sometimes I don't feel what I'm feeling busy don't listen but listen  
Really these whispers mean business  
Gimme a minute and

Walk with me in the middle of the street  
Forever let your spirit fly  
I'm a wave I'm a wave I'm a wave  
I'm a wave I'm a wave I'm a wave  
So walk with me in the middle of the street  
Forever let your spirit fly  
I'm a wave I'm a wave I'm a wave  
I'm a wave I'm a wave I'm a wave  
I'm a wave I'm a wave I'm a wave  
I'm a wave I'm a wave I'm a wave  
I'm a wave I'm a wave I'm a wave

Ride me when I'm breaking down  
You know that I'm gonna rise again  
Forever I'll be on my way  
No matter the tide  
I'm a wave a wave a wave  
Together we a wave a wave a wave  
You and I a wave a wave a wave you and I

Now you see me taking up space enough  
Fool for love we tools for love  
My heart on cruise control  
No matter who you are  
Ooh yeah you know that I'm gonna love ya  
Show up to ya party whenever without a warning

Walk with me in the middle of the street  
I'm a wave I'm a wave I'm a wave  
I'm a wave I'm a wave I'm a wave  
So walk with me in the middle of the street  
Forever let your spirit fly  
I'm a wave I'm a wave I'm a wave  
I'm a wave I'm a wave I'm a wave
