Chef'Special

Jump in the river fall in the river  
Float down the river flow down  
I'ma make a life of my fantasy  
Just another case of fine chemistry

Oh it's a miracle  
I got stones in my pockets and I see 'em turning into gold  
Wow oh oh oh oh  
Now I'm on my own

Down in your jungle ey what's up let me get lost  
Down in your jungle with my eyes closed let me get lost  
Down in your jungle don't tell me I don't know how to be free  
Down in your jungle ey what's up oh let me let me get lost

I see my shadow growing taller on sunset  
Already know you the master I'm the puppet  
On a string humbling keeping me jungling  
I can dance I can sing I can do anything

Put a number on me put me on broadway  
Put a number on me everyday all day  
Don't worry bout me I can pay the price  
I just wanna stay alive

Down in your jungle ey what's up let me get lost  
Down in your jungle with my eyes closed let me get lost  
Down in your jungle don't tell me I don't know how to be free  
Down in your jungle ey what's up oh let me let me get lost down in yo  
ur jungle
