

Look at you looking good my friend  
Safe to say if we could we would do it all  
Again like if I knew back then I  
Wouldn't have believed that we're the bad guys

I remember spending days in the park yeah way after dark  
And we we're building fires getting high breaking laws  
We we're learning how to roll 'em and to lie about it  
No matter what type of deodorant my momma would find out about it

Ooh at the other end of my kaleidoscope  
Ooh looking at the past with my eyes wide open

Look at me tell me what you see  
Am I still the guy you wouldn't mind to spend a night in jail with  
After we went apeshit  
Thinking we we're clever but they taped it

I remember meeting you with the crew  
Right outside the school  
We we're skipping classes we had better things to do  
Like Penelope Cruz on the big screen  
Practicing 360's  
Trying to find some girls who'd tell their friends about it

Ooh at the other end of my kaleidoscope  
Ooh looking at the past with my eyes wide open

Ooh at the other end of my kaleidoscope  
Ooh looking at the past with my eyes wide open

Gimme a second let me button up this jacket first  
Before I top this track off with this fucking rap verse  
Oh headfirst like back in the day oh yes sir I'm back in the game  
Don't get hurt still hit that ace whatever you heard

I'm claiming 16 bars minimum I don't play with these bitches  
Fucking radio gimmicks don't give the haters my minutes  
I'm raping paper with lyrics oh baby wait for the finish  
Cause yo I'm grateful for the Mrs.

This one's for the Mrs. this one's for the good old days  
This one's for the trip we made ten years back still ok it's okay  
Still Big Dub still G still JD still Jer still me  
Do you feel me oh guys do you feel me though

I'd never wanna do this with anybody but you  
I'd never wanna do this with anybody but you  
I'd never wanna do this with anybody but you  
Anybody but you

Ooh at the other end of my kaleidoscope  
Ooh looking at the past with my eyes wide open

Ooh at the other end of my kaleidoscope  
Ooh looking at the past with my eyes wide open

Ooh at the other end of my kaleidoscope  
Ooh looking at the past with my eyes wide open

Ooh at the other end of my kaleidoscope  
Ooh looking at the past with my eyes wide open
