

Dear Chefie, maybe I been feeling low
But I been singing your songs and man I dig your flow
They get me going in the morning when I'm insecure
So thanks bro, that's all
Sincerely yours
Yo Chefie, this might be a long shot
But it's my girl's graduation and she loves ya'
Could you maybe get the guys together and record a lil' song
I'mma go send a ticket, congratulate her
Her name's..
Hey dawg, I know you'll never read this
But I'mma write this anyway cos I need this
Off my chest, I was all depressed
But you helped me through mate
Your songs're the best
I just got a tattoo on my chest
Could you please send me an autograph to mark the rest
Or I could come by
Yeah, that's by far the best
I was planning that but had the wrong address

We gotta get up, stand up, face the crowd, and get the magic markers out
Feel free to join in and see what it's about
When we get the magic markers out
We gotta get up, stand up, face the crowd, and get the magic markers out
Feel free to join in and see what it's about
When we get the magic markers out

Now you see me, now you don't
I'mma wait for you all alone
And I'mma wait for you a long time
Wait for you all night
Nice to meet you, my name's Alicia
We're doing an event and we really really need ya'
So please come and play for free
We're trying to raise some money for muggers with amnesia
Epic show last night, it never stopped
Love the combination reggae or K-pop
Ay, just checkin', are you gay?
Cos' the photograph you posted I sent the other day
They got the two-face like Radiohead
And what's with the act, making this shit
I can see that you saw it, you didn't reply
This song's on repeat, it keep makin' me cry

You gotta get up, stand up, face the crowd, and get the magic markers out
Feel free to join in and see what it's about
When we get the magic markers out
We gotta get up, stand up, face the crowd, and get the magic markers out
Feel free to join in and see what it's about
When we get the magic markers out

Git the magic
Git the markers
Git the magic markers out
Get the magic markers out
Get

Markers out--

Get get out

Get get out

Markers markers

Feel free to join in and see what it's about when we get the magic markers out

Get up, stand up, face the crowd, and get the magic markers out
