

Miracles

Chef'Special

I believe in you
I believe that you'd be right here when I need you, I do
Wake up in a nightmare, find you right there, always come through
I don't need anything more than your eyes to feel this high
This is real life, this is real tight
Sunny side up, I'm much obliged, oh my
I'm honest, I promise
Ain't nobody gonna stop us
You're close to a goddess
Let me be your Adonis
Oh just watch us, we're falling
Coming down like comets
Faster than the speed of light
A million different colors

I believe in miracles
It's like we were here before
But it's really the first time
I can fly and walk on water
She smiled, she said

I believe in miracles
It's like I was here before
But it's really the first time
I can fly and walk on water
She smiled, she said

I believe in us
I believe in love when it's free
Nothing can beat it, it's boss
I believe in healing, our darkest secrets
When one makes it more, easy to talk
Baby, I mean it, I love you today and tomorrow
Call me when you need me, I'll come

Running, promise
Ain't nobody gonna stop us
You're close to a goddess
Let me be your Adonis
Oh just watch us falling
Coming down like comets
Faster than the speed of light
A million different colors

I believe in miracles
It's like we were here before
But it's really the first time
I can fly and walk on water
She smiled, she said

I believe in miracles
It's like I was here before
But it's really the first time
I can fly and walk on water
She smiled, she said

I believe in you

I believe I need you, I do
Oh I can see it in your eyes
We're gonna be allright
Sing it

It's like I was here before
Every minute I feel it more
Every moment a miracle
Come on, ah ah, oh yeah

I believe in miracles
It's like we were here before
But it's really the first time
I can fly and walk on water
She smiled, she said

I believe in miracles
It's like I was here before
But it's really the first time
I can fly and walk on water
She smiled, she said

Oh yeah
Every minute I feel it more, yeah
Yes every minute I feel it more
Every moment a miracle
I love you, I do
I smile, I said

I believe in miracles
It's like I was here before
But it's really the first time
