

# Modern Times

Chef'Special

Modern times pushing me  
I can feel it in my bones  
When I'm out on the streets  
There's a digital ghost  
That never sleeps  
But hey we're living the dream

Modern times pushing me  
I can feel it in my bones  
When I'm out on the streets  
There's a digital ghost  
That never sleeps  
But hey we're living the dream

Oh my  
We're keeping it light  
It's a sign of the times  
But we don't talk about it (we don't talk about it anymore)

I'm running through a wall but I just can't feel the pain  
Doctor says it ain't real I guess I got bricks in my brain  
Let's keep it light  
It's a sign of the times

Modern times pushing me

There's a digital ghost  
That never sleeps  
But hey we're living the dream

Fight flight freeze feel it  
I'ma be right back gimme three minutes  
Trying to do the math but I can't these digits  
They don't make any sense Mos Def please fix it  
Add another couple hundred million to the couple billion people living in poverty  
Really all these numbers getting realer by the year  
It's nothing new but yo it's flawed  
'Cause they're numbers in our head instead of humans in our heart

I'm running through a wall but I just can't feel the pain  
Doctor says it ain't real I guess I got bricks in my brain  
Let's keep it light it's a sign of the times

Modern times pushing me  
I can feel it in my bones  
When I'm out on the streets  
There's a digital ghost
