

New Gold

Chef'Special

Think fast kill and attack
The bigger the battle you win the bigger your head
The bigger the bet man the bigger the mess
Riddling on Ritalin give it a rest

When I was just a little kid I be singing in class
Did the math waiting for the minutes to pass
Mom and dad thinking kid got me singing the mass
Choir boy shit is a thing of the past

Years pass memories stinging like tear gas
The remedies at hand they don't give me my tears back
I wish I never did it but I needed a rest
No rest for the wicked it's as simple as that

I be up all night like Coco
I was high and going loco
Fell in love like Quasimodo
Oh no oh no

Time is the new gold
Time is the new gold
Better think fast
Time is the new gold
You can buy but you can't hold
Time is the new gold
Time is the new

O2 tryna catch a breath
Lone wolf looking for a pack
Grown dude looking for a dad
Lemme go do finish where he left
So soon old news still a hole in your chest

Tryna be the man o' the house momma's a mess
Wanna make her happy give her something to rest
But yo none of that momma don't fuck with the meds
She put her hand on my heart and said that's all that we have

Luckily she stopped outrunning the past
Honestly I never thought we had another sunset
Now she got my back as I'm becoming a dad
Now that's love see another sunset

I be up all night like Coco
I was high and going loco
Fell in love like Quasimodo
Oh no oh no

Time is the new gold
Time is the new gold
Better think fast
Time is the new gold
You can buy but you can't hold
Time is the new gold
Time is the new

I want it I want it
Got so much to lose
I'm chasing the glitter got me looking like a fool

I'm digging I'm digging
I don't have a clue
But I want it I need it until I got it

Time is the new gold
Time is the new gold
Better think fast
Time is the new gold
You can buy but u can't hold
Got me loco Quasimodo

Time is the new gold
Time is the new gold
Better think fast
Time is the new gold
You can buy but you can't hold
Time is the new gold
Time is the new

I want it I want it
Got so much to lose
I'm chasing the glitter got me looking like a fool

I'm digging I'm digging
I don't have a clue
But I want it I need it until I got it

Time is the new gold
Time is the new gold
Better think fast
Time is the new gold
You can buy but you can't hold
Time is the new gold
Time is the new
