You're so peculiar make me sing make me dance like a puppet now
You're so peculiar just wanna be on your planet forever now
Forever now

(Whoooh) Man I'm burning my bridges
(Whoooh) If you walk in on my old life
(Whoooh) Please say hi to the Mrs

Everytime he a taller guy
If one day he won't fit your house no more
Don't be surprised

Say hi to the dude with the golden watch
Shake hands with the man who lost his touch
Highfive the kid that don't seem to fit the script of his time

Send my regards to all 'em coulda been woulda been shoulda been
