

# You And I

Chef'Special

You and I are everywhere I wish I could be there  
Every corner of my mind is filled with memories of times that felt li  
ke new beginnings  
Side by side no space between us  
Was all we ever needed in this life

You and I are more than just a memory  
You and I I carry with me all my life  
You and I are more than just a memory  
You and I I carry with me

You and I  
You and I

You and I are everywhere I wish you could be there  
To see the sun shine through the rain but it fades  
Your head laid on my shoulder  
Washed away the pain when we gave it to the ocean  
Oh I just can't lie all my life I dream of you and I

You and I are more than just a memory  
You and I I carry with me all my life  
You and I are more than just a memory  
You and I I carry with me

You and I  
You and I  
All I ever wanted you and I  
You and I  
You and I

You can fly I'mma get through  
I'd wish you well but that's just too soon  
You can hear me howling at the full moon  
You know how to get me like voodoo  
Who knew evergreens ever grow old  
I do think about the times that you hold in my heart  
And all I ever needed

You and I are more than just a memory  
You and I I carry with me all my life  
You and I are more than just a memory  
You and I I carry with me

All I ever wanted you and I  
All I ever wanted you and I  
All I ever wanted you and I  
You and I
