

# Strangers Again

Chelsea Cutler

I don't wanna say I miss you  
'Cause I don't know who I'd be missing  
So I guess I'll just pretend that  
I don't wanna wake up with you  
'Cause that'd just be wishful thinking  
So I lie, lie, lie instead

Yeah, I feel it on my chest  
Wish the weight was from your head  
Laying on my shirt  
Like you would when we were together  
It's so lonely in this room  
But I'm too scared now to move  
So I talk to god saying, "I don't want to live forever"

I wish that I could forget that I ever met you  
I miss when you said that I was your best friend  
We were so good 'til we weren't, you left and I let you  
It hurts when lovers are strangers again

I don't wanna say I love you  
'Cause I don't know who you've been loving  
So I tell myself I don't when  
I've been up all night  
Reading our old texts from back in London, yeah  
Before your heart went cold, mmm

Yeah, I feel it on my chest  
Wish the weight was from your head  
Laying on my shirt  
Like you would when we were together  
It's so lonely in this room  
But I'm too scared now to move  
So I talk to god saying, "I don't want to live forever"

I wish that I could forget that I ever met you  
I miss when you said that I was your best friend  
We were so good 'til we weren't, you left and I let you  
It hurts when lovers are strangers again

Yeah, I feel it on my chest  
Wish the weight was from your head  
Laying on my shirt  
Like you would when we were together  
It's so lonely in this room  
But I'm too scared now to move  
So I talk to god saying, "I don't want to live forever"

I wish that I could forget that I ever met you  
I miss when you said that I was your best friend  
We were so good 'til we weren't, you left and I let you  
It hurts when lovers are strangers again

Lovers are strangers again  
Lovers are strangers again

Yeah, I feel it on my chest

Wish the weight was from your head  
Laying on my shirt  
Like you would when we were together  
It's so lonely in this room  
But I'm too scared now to move  
So I talk to god saying, "I don't want to live forever"

I wish that I could forget that I ever met you  
I miss when you said that I was your best friend  
We were so good 'til we weren't, you left and I let you  
It hurts when lovers are strangers again
