

You Are Losing Me

Chelsea Cutler

If could I take back what I said, I wouldn't
Cause this doesn't feel like love as I understood it
And I can't afford to throw you a line when I shouldn't
Cause you are losing me (Cause you are losing me)

And I wish that I could change my point of view
So I could teach you the way I want to
And I hope you realize what you put me through
You are losing me

You're gonna wish that
I wasn't loving someone new
You're gonna wish that
I was sleeping next to you
You're gonna wish that
You never broke my heart in two
And you weren't losing me
When I already lost you

You're gonna wake up all alone in the morning
And you're gonna wish you could go back to before this
You're gonna tell all of your friends that you're broken
Cause you are losing me (Cause you are losing me)

And I wish that I could change my point of view
So I could teach you the way I want to
And I hope you realize what you put me through
You are losing me

You're gonna wish that
I wasn't loving someone new
You're gonna wish that
I was sleeping next to you
You're gonna wish that
You never broke my heart in two
And you weren't losing me
When I already lost you

You're gonna wish that
You never broke my heart in two
And you weren't losing me
When I already lost you
