

Static Hum

Chelsea Wolfe

They gave you to war
Gave you away
A garden of stones
Marks the debt
She wears her horrors
Like a welt
A glitch of a woman
Self-destructing

Static hum..

Fuse by the flux
Cradle the roots
A shedding of blood
Glowing like the flaming sun
Euphoria hiss
Love me when i fall apart
Ire restrained
I'm ready to let it go (i'm ready to fall apart)

Static hum..

(hum static
Twist it, grasp it
Burning planet
Stung and rabid
Hum static
Twist it, grasp it
Burning planet
Stung and rabid
Burning planet
Humming static)
