

# You Are the River

Chely Wright

I fall into you, get pulled along  
Dragged out to sea before too long  
Funny how it's me who made you strong  
You are the river and I'm the rain

You'll flood your banks, you'll take out towns  
I dove in, swearing I won't drown  
If only I could just slow you down  
You are the river, and I'm the rain

We're just too much now, too much now  
I guess we're both to blame  
No I don't know how, I don't know how to stay away...

I never know just when to stop  
You swell with pride till your levees drop  
A hurricane, oh all was lost  
You are the river and I'm the rain

We'll never change  
Try to wish us away, Love  
Oh but I know better  
We're a perfect storm  
It's just how we're made  
I fall, you run...

We're just too much now, too much now  
It'll always be that way  
I don't know how, I don't know how we'll ever change  
You're the river and I am the rain

You are the river and I am the rain
