Let's talk about
All those things that we couldn't say
When the breeze flows
Gently around us
Let's sit face to face
And talk about our breakup

When
The winter passes and the flowers bloom
We said that
We'd be alright
But no matter how hard I try
I can't ignore
Your dying feelings

When April fades away
Let's walk away
As if nothing's wrong
So that
Our last goodbye
Will be beautiful
Just smile a little longer until then
Smile

If you turn back time
To when we first met
Don't stand
There underneath the streetlight
Don't smile
And don't push your hair back like that
So that
I can just pass you by

When April fades away
Let's walk away
As if nothing's wrong
So that
Our last goodbye
Will be beautiful
Just smile a little longer until then

Even if I comfort you
And ask why you've changed
You drift away
So meet someone
That's better than me
I hope you can smile with him

As you drift away
You fade away
Because we loved each other
Let's say
Our last goodbyes
I pray that before this time ends
You can find happiness
Let's not forget our love

You and me

Us
Together
