Let's talk about  
All those things that we couldn't say  
When the breeze flows  
Gently around us  
Let's sit face to face  
And talk about our breakup

When  
The winter passes and the flowers bloom  
We said that  
We'd be alright  
But no matter how hard I try  
I can't ignore  
Your dying feelings

When April fades away  
Let's walk away  
As if nothing's wrong  
So that  
Our last goodbye  
Will be beautiful  
Just smile a little longer until then  
Smile

If you turn back time  
To when we first met  
Don't stand  
There underneath the streetlight  
Don't smile  
And don't push your hair back like that  
So that  
I can just pass you by

When April fades away  
Let's walk away  
As if nothing's wrong  
So that  
Our last goodbye  
Will be beautiful  
Just smile a little longer until then

Even if I comfort you  
And ask why you've changed  
You drift away  
So meet someone  
That's better than me  
I hope you can smile with him

As you drift away  
You fade away  
Because we loved each other  
Let's say  
Our last goodbyes  
I pray that before this time ends  
You can find happiness  
Let's not forget our love

You and me

Us  
Together
