It's sad that tonight is fading
I want to hold on and not let go
My warm heart like this tea cup
I'm shy and it's a little tacky

Don't don't hide yourself
It's sad if I'm in a hurry alone
My burning heart like that flame
I want to give it to you, I want to stay
Don't hurt me

What shall we do about tonight?
Shall we cross the sparkling galaxy together?
In the night where the lazy streetlights are drowsy
In the night, tonight

So soon before we know
The stars are moving step by step
With the scent of this night carried upon the wind from somewhere
I want to be mesmerized, I want to lean on it
But why are you just smiling?

What shall we do about tonight?
Shall we cross the sparkling galaxy together?
In the night where the lazy streetlights are drowsy
In the night, tonight

Come into my arms, I'll hold you tight
Please don't hide it my dear
Come to me just the way you are

What shall we do about tonight?
Shall we cross the sparkling galaxy together?
In the night where the lazy streetlights are drowsy
In the night, tonight
