

# Bounty

Cher Lloyd

Say it to me  
Where are you? Say it to me  
Wanna say it to me  
When I'm coming up empty

I see you turning all my calls back  
Bandana bold like a whack  
Popping wheelies and spaghetti [?]  
Kinda like you  
Just come on and we can get it popping  
Popping, popping, popping  
I see you turning all my calls back  
Bandana bold like a whack  
Popping wheelies and spaghetti [?]  
Kinda like you  
Just come on and we can get it popping  
Popping, popping, popping

I feel like, feel like you been watching me  
I feel like, feel like you been stalking me  
I feel like, feel like you been watching me  
I feel like, feel like you been stalking me  
Like you got a bounty, bounty out on me  
Like you got a bounty, bounty out on me  
Got a bounty, bounty out on me  
Like you got a bounty, bounty out on me

I see your [?] sheets all over me  
Poured up with wet dreams 'til I felt it  
In the deep of the night, I felt so cold  
I thought the cops gon' tryna soak me  
Can't leave with my baby  
I see your [?] sheets all over me  
Poured up with wet dreams 'til I felt it  
In the deep of the night, I felt so cold

I feel like, feel like you been stalking me  
I feel like, feel like you been watching me  
I feel like, feel like you been stalking me  
I feel like, feel like you been watching me  
I feel like, feel like you been stalking me
