M.I.A

Cher Lloyd

Let's make a quick getaway
This party's shit anyway
Or we could go M.I.A
Tell me, tell me what you say
'Cause I, I've been bored out of my mind
Sitting here all night
And you know I got my eye on you

No lie, no lie
I've been vibing to you all of this time
Don't say goodbye
We're out here, so you know
You and I could be somewhere catching waves
I say, "Hi", now let's go M.I.A (Ooh)

They keep spoiling my Saturday
Didn't wanna dance anyway
Everybody here all the same
But we can do things differently
'Cause I, I've been bored out of my mind
Sitting here all night
And you know, I got my eye on you

No lie, no lie
I've been vibing to you all of this time
Don't say goodbye
We're out here, so you know
You and I could be somewhere catching waves
I say, "Hi", now let's go M.I.A (Let's go M.I.A)

There's a place, I could recommend (Oh-oh)
We could smoke one more again (Yeah)
Kinda happy, that I lost my friends
Wasn't gonna stay till the end
'Cause I, I've been bored out of my mind
Sittin' here all night
And you know, I got my eye on you

No lie, no lie
I've been vibing to you all of this time
Don't say goodbye
We're out here, so you know
You and I could be somewhere catching waves
I say, "Hi", now let's go M.I.A
