Cher Lloyd

[Intro]

Yeah

[Verse 1]

Go ahead girl, post that pic  
Show a little more every time they click  
Get 'em hooked down, reel 'em in  
Cause they love that skin  
You so famous, wish I was  
Loving your honey like bees they buzz  
Gotta work out, you the biz  
You even fuckin' with Wiz

[Pre-Chorus]

Oo-oooh, one look and they're gonna fall in love with you  
Oo-oooh, yeah you're the queen of hearts until there's someone new

[Chorus]

Go ahead and shake that ass  
Cause you know they like it  
Go ahead and do your dares  
Cause you know they'll buy it  
When you're losing followers  
I'll still think you're popular, yeah, oh oh oh  
Go ahead and shake that ass  
Cause you know they like it  
Go ahead and do your dares  
Cause you know they'll buy it  
When you're losing followers  
I'll still think you're popular, yeah, oh oh oh

[Verse 2]

Go ahead girl do your thing  
Knock 'em all down bada-bing-ba-bing-ba-bing  
You're the flavor of the week  
With your nails on fleek (wooh!)  
You know you gotta ride that wave  
Turn lemons into lemonade  
You the flavor of the week, so bon appetit (muah!)

[Pre-Chorus]

Oo-oooh, one look and they're gonna fall in love with you  
Oo-oooh, yeah you're the queen of hearts until there's someone new (and there  
's always somebody new)

[Chorus]

Go ahead and shake that ass  
Cause you know they like it  
Go ahead and do your dares  
Cause you know they'll buy it  
When you're losing followers  
I'll still think you're popular, yeah, oh oh oh  
Go ahead and shake that ass  
Cause you know they like it  
Go ahead and do your dares  
Cause you know they'll buy it  
When you're losing followers  
I'll still think you're popular, yeah, oh oh oh

[Bridge]

Oo-oooh, one look and they're gonna fall in love with you  
Oo-oooh, yeah you're the queen of hearts until there's someone new  
(.. the media phenomenon that we just love la-la-la-love, please welcome the  
beautiful, the-the beautiful, the beautiful, beautiful...)  
Oo-oooh, one look and they're gonna fall in love with you

[Chorus]

So go ahead and shake that ass  
Cause you know they like it  
Go ahead and do your dares  
Cause you know they'll buy it  
When you're losing followers  
I'll still think you're popular, yeah, oh oh oh  
Go ahead and shake that ass  
Cause you know they like it  
Go ahead and do your dares  
Cause you know they'll buy it  
When you're losing followers  
I'll still think you're popular, yeah, oh oh oh
