

## David's Song

Cher

Won'tcha let me rock and roll you baby  
I haven't seen you in a long, long time  
I haven't fooled around with any candles lately  
Just thought you might have some music in mind

Ah I just want to serenade you  
Maybe we could even live a verse or two  
And I could finish this ole love song  
So I could start singing it to you  
I could start singing it to you  
If I could finish this ole love song  
And I could start singing it to you

Won't you come and boogie-woogie with me baby  
It's been a while since I held you close to me  
I haven't met many boys like you baby  
Knew I would find you eventually

Ah I just want to serenade you  
Maybe we could even live a verse or two  
And I could finish this ole love song  
So I could start singing it to you  
I could start singing it to you  
If I could finish this ole love song  
And I could start singing it to you
