

# Before You Were My Man

Cherish

na-na-na-na-na  
na-na-na-na-na  
ooohhh-ooooo

Baby take a seat, I got somethin' I wanna say to you,  
Before things get crazy, I'm a need to let out the truth.  
I wanna tell ya, no, I have to tell ya,  
I gotta let this out before he do.

And before you say a word I'm a need your undivided please.  
Until I'm finished just try not to say a thing.  
OO in a way it's just so complicated to fix my mouth and say these words to  
you.

See it's not what you're thinking, so don't jump to conclusions,  
And it's really not that bad, don't wanna cause confusion.  
Put yourself in my position, just hear me out and listen, understand my cond  
ition.  
Gotta let you know so here I go...

Before you were my man, I was chillin with this guy,  
Before you were my man, little did I know that he'd know you,  
you should understand and know the circumstance  
Didn't know he was your friend, before you were my man

I met him at this party, sittin at the park he,  
Walked right up to me, bought me some Bacardi,  
caught up in the moment, I was feeling lonely,  
Don't know how it happened  
But this was all before you were my man

Now that I confessed  
I should explain myself, it lasted for so long  
swear that it was nothing else  
Just take a minute to, take it all in  
even though it's hard for you to do

I can tell that you're upset, by the look you have upon your face  
let me apologize, for taking so long to say  
that your his friend, huh, he was my man  
I know it's hard for you to understand

See it's not what you're thinking, so don't jump to conclusions,  
And it's really not that bad, don't wanna cause confusion.  
put yourself in my position just hear me out and listen, understand my condi  
tion.  
gotta let you know so here I go..

Before you were my man, I was chillin with this guy,

Yah I know, it's crazy  
Now when we come around, you think about what went down  
You should have known, cause when we'd come through  
I would up and leave the room, avoiding the truth.

Before you were my man, I was chillin with this guy,  
before you were my man, little did I know that he'd know you  
you should understand and know the circumstance  
Didn't know he was your friend, before you were my man

My man, My man, My man,  
Yo  
(OOHhooooo)  
it's crazy that I have to tell you this right here.  
(Yeaaa)  
But it starts to get obvious when he came around  
I'm glad I got this off my chest.  
And I hope it doesn't change anything between us.  
(Ohh)
