Affair

Cherrelle

What do you call this thing we have
Am I your woman, are you my man?
Could it be love or just a fling?
Maybe your body, it agrees with me

Affair, I don't need commitment
I don't need a man to tell me how to feel
Affair, I don't want a promise
All I really need is to be close to you

I want respect and I'll state my case
'Cause, baby, I won't take
All your loveliness in my face

So hear me loud and clear
Don't matter if you flirt
As long as you're discreet
And make sure nobody's hurt like me

Affair, I don't need commitment
I don't need a man to tell me how to feel
Affair, I don't want a promise
All I really need is to be close to you

Affair, I don't need commitment
I don't need a man to tell me how to feel
Affair, I don't want a promise
All I really need is to be close to you

Affair

I don't need, I don't need, no
I don't need
I don't need, I don't need, no
I don't need, I don't need

Affair, affair, affair

I don't need commitment
I don't need a man to tell me how to feel
I don't want a promise
All I really need is to be close to you

Affair, affair
