I Need You Now

Cherrelle

Need you now
Show you how
Turn around
Need you now

Every day I've been watching you
Hold on to something, a place to hide
You know you're so afraid of a footstep
A shadow, a memory, last step beyond

You know I need you now
I wanna tell you my fantasy
Show you how
I wanna know you, ooh
Turn around
I wanna sell all your memories
Need you now
Won't you let me take you
Let me teach you

Let me the the one to love you now
Maybe stay around
'Cause I need you right now

Every time that I see you
I need you to show me a way inside
Mmm, you and I could have something
So special, so loving, so on fire

You know I need you now
Don't wanna love you then leave you
Show you how
I wanna reach you, ooh
Turn around
Find me a sweet dream that's coming true
Need you now
Won't you let me take you
Let me teach you how

Need you now, need you now
Show you how, show you how
Turn around, turn around

Need you now
I wanna tell you my fantasy
Show you how
I wanna know you, ooh
Turn around
I wanna sell all your memories
Need you now
Won't you let me take you
Let me teach you

Need you now
Don't wanna love you then leave you
Show you how
I wanna reach you, mmm

Turn around
Find me a sweet dream that's coming true
Need you now
Won't you let me take you
Let me teach you

Need you now
Need you now, need you now, need you now
Show you how, show you how
Turn around
Turn around, turn around, turn around
Need you now
Need you now

Need you now
I wanna tell you my fantasy
Show you how
I wanna know you, yeah
Turn around
I wanna sell all your memories
Need you now
Won't you let me take you
Let me teach you
