

What More Can I Do For You

Cherrelle

Hey, tune!
Can I get a little more vibe?

One, two, three, whoo!

Keep my heart open to love someone
Anytime they're let in, it always ends up broken
So I've learned to think of love as fun
Never take it serious, never get too close

But then you take me in your arms, it's all right again
And all my troubles seem to fly out the window
That's what I seek from you (Seek from you)
Because I'm weak for you
Make me strong if it takes all night
If it's wrong then why's it feel so right?

What more can I do for you?
You give me everything I need, yeah
No, what more can I do for you
For all that you've done for me?

Tell the truth rather than live a lie
I just started feeling this critical condition
So why not kick it with another guy?
He doesn't make me happy, so why should I feel guilty?

But then you take me in your arms, it's all right again
And all my troubles seem to fly out the window
That's what I seek from you, yeah
Because I'm weak for you
Make me strong if it takes all night
If it's wrong then why's it feel so right?

What more can I do for you?
You give me everything I need, yeah
No, what more can I do for you
For all that you've done for me?

Stop!

Go!

I used to think I was the guilty one
'Til I realized that I wasn't hurting anyone
So if it's a crime, my heart will say
The fine of love I'll gladly pay

Uh!

All right

What more can I do for you?
What more can you do for me?

What-what-what-what-what
What-what-what-what-what

All right

Oh-oh-oh-oh

But then you take me in your arms, it's all right again
And all my troubles seem to fly out the window
That's what I seek from you, mmm
Because I'm weak for you
Make me strong if it takes all night
If it's wrong then why's it feel so right? (Yeah)

What more can I do for you?
(All right, whoo-hoo-hoo)
You give me everything I need
No, what more can I do for you
(Oh-oh-oh-oh)
For all that you've done for me?
Can you hear me?

No, what more can I do for you?
You give me everything I need, mmm
(Ooh, ooh-oo-oo)
What more can I do for you
(Oh yeah)
For all that you've done for me?

Uh-uh-uh-uh-uh-uh

Yeah!
