Luddite

Cherry Ghost

Build me a heartbeat
that will guide me to the gutter
like a no good Luddite
like a no good Luddite

One step bound
steer to the stern
just a sweet dream between 'em
just a sweet dream between 'em

Gunless wonder
rob me blind
with your whispering walls
with your whispering walls

Once the unforgiving man
carried me on silken hands
just singing in my chains

Build me a heartbeat
that will flounder in the footnotes
like a no good Luddite
like a no good Luddite

One step bound
steer to the stern
just a sweet dream between 'em
just a sweet dream between 'em

Once the unforgiving man
carried me on silken hands
just singing in my chains

singing in my
singing in my
singing in my
singing in my
chains
