

Glenn the Dawg

Cherry Glazerr

You stayed strong all through the end, Glenn
You were my best fucking friend
It's shit when they come up and swallow you whole
When I was a kid, I put ice in your bowl

No man could amount to your kind of lovin'
It hurt me to see you those days you were strugglin'
You stayed strong all through the end, Glenn
You were my best fucking friend
You were my best fucking friend

Tears will be shed as we put you to bed
You were my best fucking friend, Glenn
You were my best fucking friend, Glenn

Glad that I pet you and told you good night
When you see Momo and Biggie say hi
You were my best fucking friend, Glenn
You were my best fucking friend
