

The way I feel  
I think I want you here  
Took me out  
Days are years  
You're in my ear

Do you want me to tell you what I really want?  
Do you want me to tell you what I really want?

It's how I know how to love  
It's how I know how to love  
Feed the beast inside of me  
Crater on my heart  
Guess now I'm yours  
It's how I know how to move into my own heart  
It's how I know how to love  
Inside my own head

The way I feel  
I think I want you here  
Took me out  
Days are years  
You're in my ear
