

Instagratication

Cherry Glazerr

Instant gratification
I need that validation
Till your eyes burn, saturation
Fucking lazy recreation

I am an offender myself
I'm a hypocrite at least I know it
Quiet violence, pointless garbage
Can't act the same on public transit

We don't see through our eyes
We see through a lens
Makes me want to cry
Faster, lighter, put it in my brain
I wanna go away

Ooh hoo hoo, ooh hoo
Ooh hoo hoo, ooh hoo

We don't see through our eyes
We see through a lens
Makes me want to cry
Faster, lighter, put it in my brain
I wanna go away
