Cherry Glazerr

Lucid dreams  
My favorite color  
Seems to be enveloping me  
Right there  
Let it loose  
I felt nothing  
Lucid dreaming

Sleep away  
All inhibitions  
Rest my head  
Subconscious visions  
Right there  
Let it loose  
I felt nothing  
Lucid dreaming

Fuck your fancy messages  
I wish I knew that I was dreaming  
Wish I knew that I was dreaming  
Wish that I knew

I knew, I knew  
Dreaming  
I knew, I knew  
That I was dreaming

I tried not to wake up  
Suddenly I'm making up my moves  
And I can't lose  
Time to be a ladies man  
Time to knock out Peter Pan

It felt so real  
Ready for the take off flight  
Ready to get in a fight  
It ended too soon  
Too soon  
Too soon

Here I stand  
Open wide  
Tried to fly  
But I was denied

Right there  
Let me loose  
I felt nothing  
Lucid dreaming

Sleep away  
All inhibitions  
Rest my head  
Subconscious visions  
Right there  
Let it loose  
I felt nothing

## Lucid dreaming

Fuck your fancy messages  
I wish I knew that I was dreaming  
Wish I knew that I was dreaming  
Wish that I knew

I knew, I knew  
Dreaming  
Dreaming, dreaming  
Oh
