

# Nuclear Bomb

Cherry Glazerr

Black, like a nuclear bomb  
We share the same blood  
You're not alone, love  
Black, like a nuclear bomb  
We share the same blood  
You're not alone, love

Her smile shines through the desolate crowd  
Her heartbeat fell through the cloud like a painted picture  
Painted picture

Black, like a nuclear bomb  
You feel the pain come, the pain come  
As the swelling aches for fun  
Like a nuclear bomb  
All the swans are swimming in a bathtub  
All the swans are swimming in a bathtub  
All the swans are swimming in a bathtub  
Up above, up above, up above

Like a secret cannonball  
Like a dirty run for fun  
You feel the pain come  
Locks, so kept away  
Strands separate as she drifts away  
As she drifts away  
As she drifts away

Black, like a nuclear bomb  
You feel the pain come  
As the swelling aches for fun  
Like a nuclear bomb  
All the swans are swimming in a bathtub  
All the swans are swimming in a bathtub  
All the swans are swimming in a bathtub  
Up above, up above, up above
