

# Ready For You

Cherry Glazerr

I don't know what to tell you  
Nothin to say  
All these games  
So overplayed  
Not gonna be easy for me to say  
It's not gonna be easy

Wish I could meet you with my eyes  
I'm sick inside my twisted mind  
Ah ha  
Wish I was ready for you  
Ready for you  
I'm so embarrassed all the time  
Wish I could meet you with my eyes  
Ah ha  
Wish I was ready for you  
Ready for you

Wish I was ready for you

I get choked up  
I've got to find a way outta my brain  
Don't think that I can get the words out  
I've got to find a way outta my brain  
Up against me now

Wish I could meet you with my eyes  
I'm sick inside my twisted mind  
Ah ha  
Wish I was ready for you  
Ready for you  
I'm so embarrassed all the time  
Wish I could meet you with my eyes  
Ah ha  
Wish I was ready for you  
Ready for you

Wish I was ready for you  
Wish I was ready for you

Just can't say it but I want you to stay  
Have no reason  
I have no reason  
Say I want you to stay  
Have no reason  
I have no reason

Wish I could meet you with my eyes  
I'm sick inside my twisted mind  
Ah ha  
Wish I was ready for you  
Say I want you to stay  
I'm so embarrassed all the time  
Wish I could meet you with my eyes  
Ah ha  
Wish I was ready for you  
Say I want you to stay

Wish I was ready for you  
Wish I was ready for you
