

Soft Drink

Cherry Glazerr

People just wanna shake me
I'm sorry if I'm quiet now
I think I just like you
I'm nervous to show you myself

Scared you might find out
That I'm dumber than you might think
People just wanna shake me
Shake me up side down like a soft drink

Dance the night away with you
All night
Not so lonely anymore
Dancing just dancing
Feels so good to dance with you
Tonight
Wouldn't want anything more
Than dancing just dancing
Dancing just dancing
Dancing just dancing

It's been too long almost forgot about you
Look away don't know what I'm supposed to do
I don't wanna get stuck on you
Not the kid anymore than you knew

I think that I just wanted something new
But this time I'm tripped up on you
This time I'm tripped up on you
Let's just watch Perfect Blue

Dance the night away with you
All night
Not so lonely anymore
Dancing just dancing
Feels so good to dance with you
Tonight
Wouldn't want anything more
Dancing just dancing

All night
Dancing just dancing
Tonight

Dance the night away with you
All night
Not so lonely anymore
Dancing just dancing
Feels so good to dance with you
Tonight
Wouldn't want anything more
Dancing just dancing
Dancing just dancing
