

# Soft Like a Flower

Cherry Glazerr

Heart on my sleeve  
I watch you sleep  
Pulling teeth  
Don't know what's real  
Swim in deep  
You come up for air  
Don't know what's real

Soft like a flower  
Like me  
I'm high on your something  
Fortune it turns  
Like a wheel  
I like you killing me  
I like you killing me  
I like you killing me  
I like you killing me  
I like you killing me

Gave up my tricks  
I'll be your dog  
You're there when I'm gone  
Under your car  
On the floor paralyzed  
You are my special toy  
And I roll the dice over and over again

Soft like a flower  
Like me  
I'm high on your something  
Fortune it turns  
Like a wheel  
I like you killing me  
I like you killing me  
Killing me  
Killing me

Soon I'll be your dog  
My head out your car  
Cuz I like you killing me

Ahh

Soft like a flower  
Like me  
I'm high on your something

Fortune it turns  
Like a wheel  
I like you killing me
