

Midas in Reverse

Cherry Poppin' Daddies

It's a lie no blushes for baby
She told me that ain't nice
You want a flower 'cause pleasure equals power
Don't you, Fraulein?
I want someone to face it
To take me as I am
Don't wanna lie and tell you
That I am a better man
Roses, candy, engagement rings
Why must we play these games?

Don't trust me baby 'cause my heart is a stone
Don't cry your eyes out that lust makes me cold
I am powered by instinct and I won't be told
Don't touch me sugar 'cause I'll take your gold

Love is nothin' much to me
Don't get your dander up
This one's rotten to the core (now come on)
Midas in reverse I want to steal it - come on
Midas always seductin' angel you will fall - for me
Midas in reverse I want to feel it - come on
Midas always seductin' angel

Why must we play these games?

My fleshhammer is comin' down on you
I'll flunk you out of obedience school
An exterminating angel my love is a bitch
My love gun's not a gentleman
Trigger finger's itch

Love is nothin' much to me
Don't get your dander up
This one's rotten to the core (now come on)
Midas in reverse I want to steal it - come on
Midas always seductin' angel you will fall - for me
Midas in reverse I want to feel it - come on
Midas always seductin' angel
