

## Tell Me Why

Cherryholmes

I came home this evenin' and found you were leavin'  
And I didn't know what to do  
You packed all your things and gave me your ring  
Said, honey, I'm leavin' for good

I'll never know why you'd tell me good-bye  
And leave me so lonely and blue  
For you should have no reason to go  
For, Darlin', I've always been true

Chorus

Tell me why would you desert me  
The way your doin' tonight  
Why would you wanna hurt me  
Darlin', why say good-bye  
Tell me why

Our love had been strong a^??cause I had held on  
And now my hearts breakin' in two  
I thought you loved me but now I can see  
I never meant nothin' to you

I love you, my dear, and I can't stand to hear  
That your love words were just dirty lies  
Now what did I do to make you untrue  
Oh, Darlin', just please tell me why

Chorus
