

I don't think this is working out too well
I wish you would die and go to hell, I do
I don't mean to be negative, but you bring it out of me
I swear
I hate you and it's not too hard to tell, cause
I wanna take a sledge-hammer to your car and
Break every little part
Just wait until I get the nerve to
Break your precious little heart
I wanna take a sledge-hammer to your car and
Break every little part
Just wait until I get the nerve to
Break your precious little heart
Your precious little heart, yeah

I never wanna see your face again, I swear
Everything you say to me I don't wanna hear
I wanna forget that we ever met or I just might start breaking all yo
ur shit
That might make me feel better so maybe I will, I will
I'm gonna take a sledge-hammer to your car and
Break everything apart
Too late, I finally got the nerve to
Break your precious little heart
I'm gonna take a sledge-hammer to your car and
Break everything apart
Too late, I finally got the nerve to
Break your precious little heart
Your precious little heart
Your precious little heart
Your precious little heart

I wanna take a seldge-hammer to your car and
Break every little part
Just wait until I get the nerve to
Break your precious little heart
I'm gonna take a sledge-hammer to your car and
Break everything apart
Too late, I finally got the nerve to
Break your precious little heart
Your precious little heart
Your precious little heart
Your precious little heart
Your precious little heart
Your precious little heart
Your precious little heart
Your precious little heart
Your precious little heart
