

All In

Cherub

Got the keys to unlock it
I keep em in my pocket
Oh I can open any door yea
You'll never touch floor yea

Do a little off your body
You can do a little off of mine yea
Oh lemme help you get there
Got plenty we can share yea cus

Baby I'm all in all in
Oh yea I'm all in all in

Got my eyes out my sockets
From everythin I'm poppin
Heart is beatin out my chest yea
We should finish off the rest yea

I ain't ever been a quitter
I can show you how to be a winner
You know that I want it
So tell me you're all in

We got to be all in all in all in
