

Best Friend's T-Shirt / Saudia

Cherub

She opened up the door and had my best friend's t-shirt on
Nothing underneath, just my best friend's t-shirt on
I knew she was a freak, I never thought she would do me wrong
This one's hard to swallow bitch you're gonna have to pay for this

I think about it from time to time
Even though it seems long ago
Every so often, it crosses my mind
And gets me worked up so emotional

I know you, still wanted me
And you had tricks right up your sleeve
You fucked my friend
Might as well fuck the whole team
You bend me back babe, and got away clean

She opened up the door and had my best friend's t-shirt on
Nothing underneath, just my best friend's t-shirt on
I knew she was a freak, I never thought she would do me wrong
This one's hard to swallow bitch you're gonna have to pay for this

I learned my lesson though I'd let you know
That what you taught me was invaluable
Don't waste my time on you bougie hoes
Cause trouble follows you wherever you go

I know you, still wanted me
And you had tricks right up your sleeve
You fucked my friend
Might as well fuck the whole team
You bend me back babe, and got away clean

She opened up the door and had my best friend's t-shirt on
Nothing underneath, just my best friend's t-shirt on
I knew she was a freak, I never thought she would do me wrong
This one's hard to swallow bitch you're gonna have to pay for this

See I'm not mad at you
You taught me a lesson:
Don't trust a bitch, that gives sloppy seconds
Sucks yo' dick off, and then sucks your best friend's
Then fucks your best friend, acts like it never happened
I know you were, trying to, hold on, to what we had
I don't blame you, at all
I treated you, better than he rest, oh ohh
Yeah, oh ohh [x3]
See I was never mad at you
Our relationship meant nothing
Only what I mean, was a dime in dozen
But it hit me hard, my best friend was fucking
You behind my back, cause his relationship was something
See I know he was, just trying to, experience, what you could do
Cause I told him things, 'bout me and you
About your freaky ass, in the bedroom
Oh oh, yeah, yeah

She open - it was a freaking break...

It was a freaking break, It was a, it was a...
Freaking break [x4]

It was a freak...I never thought she'd do me wrong
This one's hard to swallow bitch
You're gonna have to pay for this
