Cherub

Give your boy some credit baby  
You know that I'm trying hard for you  
Putting in that extra work  
Love a boy doing what he do  
Always putting you first  
These other dudes ain't got a clue  
How to treat you girl  
Gonna make sure you know that

All I wanna do  
Is make you move  
Sweating to the motherfucking groove  
Play it cool  
Give it to me love  
Breaking all the goddamn rules

In the morning lip smacking  
Hair pulling, ass cracking  
Kissing til the motherfucking morning  
She riding all night  
I can't fight it, ain't trying  
Girl I'm sprung, girl you get me so horny  
Let me lick that sweat off baby  
I'ma show you what I came to do  
Your pleasure is my pleasure babe  
Gonna make sure you know that

All I wanna do  
Is make you move  
Sweating to the motherfucking groove  
Play it cool  
Give it to me love  
Breaking all the goddamn rules

All I wanna do  
All I wanna do  
All I wanna do  
Yeah listen to me girl  
Now listen to me girl

All I wanna do  
Is make you move  
Sweating to the motherfucking groove  
Play it cool  
Give it to me love  
Breaking all the goddamn rules  
All I wanna do  
Is make you move  
Sweating to the motherfucking groove  
Play it cool  
Give it to me love  
Breaking all the goddamn rules
