

Can't Feel Myself

Cherub

Your love is like a landslide, yeah
Your kisses get me so high

My body, my body, my body, yeah, it's a ghost, yeah
Your body, your body, your body needs me the most

Can you please feel for me?
'Cause I can't feel myself

Your eyes keep me tongue-tied, yeah
Nothing that I won't try

My body, my body, my body, yeah, it's a ghost, yeah
Your body, your body, your body needs me the most

Can you please feel for me?
'Cause I can't feel myself
Can you please heal for me?
'Cause I can't heal myself

You feel like a dream to me
You feel like a dream

Can you please feel for me?
'Cause I can't feel myself
Can you please heal for me?
'Cause I can't heal myself
