

C'est La Vie

Cherub

C'est la vie
Mon ami
What you sippin'?
Drinks on me
Let's get fucked up
Blackout drunk
151
Is in my blood, yeah

Let's pop a couple
To mix it up
We're feeling good, yeah
With empty cups

Call again
To pick us up
Let's start a fire, yeah
Backseat love
Eh, eh

If tomorrow's like today
I'll be so high
I'll feel so fine
Tomorrow is today
I feel alive
Yeah, I'm alright, alright

It's alright
It's alright
(I can't keep up with me)

It's alright
It's alright
(I can't keep up with me)

It's alright
It's alright
(I can't keep up with me)

It's alright
It's alright
(I can't keep up)

C'est la vie
Mon ami
It's monday night, yeah
Drinks on me
I can't remember
Our past few days
Refresh my mind, yeah
I drew a blank

I blew a tank
With you again
We got so high, yeah
Yeah, hypnotized, yeah
Yeah, paralyzed, yeah

We dug the vibes, yeah
There goes the night, yeah
Our brains on fire, uh, uh

If tomorrow's like today
I'll be so high
I'll feel so fine
Tomorrow is today
I feel alive
Yeah, I'm alright, alright

It's alright
It's alright
(I can't keep up with me)

It's alright
It's alright
(I can't keep up with me)

It's alright
It's alright
(I can't keep up with me)

It's alright
It's alright
(I can't keep up)
