Dance And Sing

Cherub

If you're sitting in your car all alone in the dark
Listen to this sound with your eyes wide shut
Let it all go and put your car in park
Because you are about to ride a fabulous wave

I wanna dance even when I'm buried six feet deep
I know all of this can be a tad bit bleak
But we all must face death and never to plead
So is it wrong if all we wanna do is dance and sing?

So is it wrong if all we wanna do is dance and sing?
I said, is it wrong if all we wanna do is dance and sing ?
Is it wrong if all we wanna do is dance and sing?

If you're sitting in the car with your radio on
Listen to this song with your eyes wide shut
Let it all go and put your car in park
Because you are about to ride a fabulous wave

I wanna dance even when I'm buried six feet deep
I know all of this can be a tad bit bleak
But we all must face death and never to plead
So is it wrong if all we wanna do is dance and sing?

So is it wrong if all we wanna do is dance and sing?
Is it wrong if all we wanna do is dance and, and, and, and...
